A leader in electronic design and test solutions

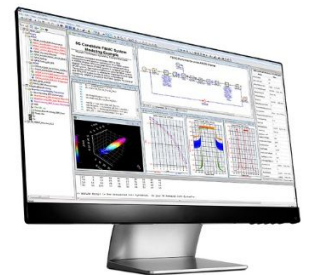

Sales Staff Internship

Location: Madrid, Spain

10-12 months / Part-time (~20h/week)

Keysight Technologies (NYSE: KEYS) has been unlocking electronic measurement insights for 75 years. We are the world's leading electronic measurement company, transforming today's measurement experience through innovation in wireless, modular, and software solutions. Our 10,000+ employees serve customers in more than 100 countries, delivering solutions in wireless communications, aerospace, defense and semiconductor markets with world-class solutions.

For our office in Madrid, we are looking for a Sales Staff intern to cover the below functions inside the sales

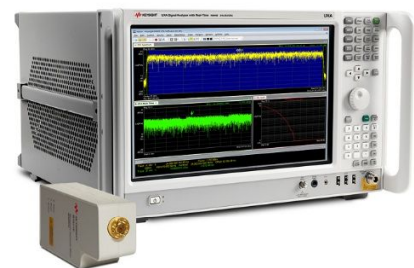

You will be part of the SALES team working in the below areas:

- Interface with customer/divisions for technical queries, solving issues and getting information.
- Developing, creating and searching for local technical information.
- Helping field engineers with quote configuration, accessories and quick price reference.

You will also work with local MARCOM department:

- Communication with internal and external customers through: e-mails, local newsletter, seminar invitations, ...
- Customer qualification, local Call Out/E-mail campaigns.
- Creation, communication and follow-up of local promotions.

And finally, will also work as technical staff:

- Communication between field engineers and demo pool.
- Management of demo resources: Control, Agenda and Communication for demos, VIP, seminars (units, accessories, application engineers, field engineers, contact center).
- Technical filter for customers, public tenders.

For this position, you will need the following skills:

- Technical knowledge in electronic test and measurements.
- Customer orientation.
- Team player attitude.
- Very good English.
