CHOICE OF COURSES AT IIT

IMPORTANT POINTS TO REMEMBER:

• Not all courses are offered all of the time
• Some courses will be offered once every two years
• Some courses will be offered once every year
• Some courses will be offered each semester
• Some courses may not be offered/opened if there are less than 10 students registered for the courses

What you should do:

• Regarding electives, discuss with your professor at your home university, the elective courses you will need to take for validation & alternatives & submit only once admitted
• In this case, it is imperative that once selected, you submit complete documents to IIT for an early decision well before April 15

Testimony from an alum Mr. Javier Perez, of ETSII-UPM & IIT (IIT-MMAE, 2008)

Was it worth it?

“Absolutely! The experience is worth the cost a compensation point of view as well as a personal endeavor. Without the IIT, I would have not been able to work in the US.”

Would you recommend this experience to others & why?

The job market is a very competitive one. You need to be able to differentiate yourself. Coming to study in the USA gives you that differentiation.

Salary range: first year 50+ 10K; 3rd yr: 65 +10K

“After F1 OPT, and then several H1bs, I got my green card last year, 9 years after I arrived in the USA”

CHOICE OF COURSES AT IIT

IMPORTANT POINTS TO REMEMBER:

- Not all courses are offered all of the time
- Some courses will be offered once every two years
- Some courses will be offered once every year
- Some courses will be offered each semester
- Some courses may not be offered/opened if there are less than 10 students registered for the courses

What you should do:

- Regarding electives, discuss with your professor at your home university, the elective courses you will need to take for validation & alternatives & submit only once admitted
- In this case, it is imperative that once selected, you submit complete documents to IIT for an early decision well before April 15
