

A*STAR RESEARCH ATTACHMENT PROGRAMME

Experience world-class research at an A*STAR research entity in Singapore

The A*STAR Research Attachment Programme (ARAP) supports PhD students to undertake 1 to 2 years of research at an A*STAR research entity in Singapore. Designed to facilitate collaboration between A*STAR and overseas universities, ARAP students will be jointly supervised by a faculty member from the home university and an A*STAR researcher.

ELIGIBILITY CRITERIA

Open to international students with at least a Bachelor's degree with Second Class (Upper) Honours or equivalent, and who have been admitted to a PhD programme.

Students should possess a good track record in research.

Support for attachments of a minimum of 1 year to a maximum of 2 years include:

-  MONTHLY STIPEND OF \$2,700
-  HOUSING ALLOWANCE
-  MEDICAL INSURANCE
-  CONFERENCE SUPPORT
-  ONE-TIME AIRFARE GRANT OF \$1,500
-  ONE-TIME SETTLING-IN AND ITALLOWANCES

COVERAGE

APPLICATION

There are 2 nomination cycles a year - in May and November.

To apply, please visit www.a-star.edu.sg/ARAP

A nexus for international R&D collaborations

Located in the heart of Southeast Asia, Singapore is a modern cosmopolitan city-state with a multi-ethnic population of about 6 million. By leveraging science and technology, Singapore is dedicated to developing an internationally vibrant research and innovation hub.

Advancing science and developing innovative technology to further economic growth and improve lives

The Agency for Science, Technology and Research (A*STAR) is Singapore's lead public sector R&D agency. Our research creates economic growth and jobs for Singapore, and enhances lives by improving societal outcomes in healthcare, urban living, and sustainability. A*STAR plays a key role in nurturing scientific talent and leaders for the wider research community and industry.
